Dear Truck Rental Customer,

Commercial liability is serious business... At United we choose to assess our customers' needs when it counts-**BEFORE** an accident occurs, not after. We will require the following to cover your drivers while operating a truck rented from United.

Please provide United with a certificate of insurance for "hired/non-owned auto liability in the amount of \$ 1 million. Certificate must list United Truck Centers as named insured.

- **Auto Liability: \$1,000,000**
(Hired auto's and non owned)
- **United Truck Centers DBA N Motion Studio Rentals shall be named as an additional insured and loss payee.**

Please call us if you have any questions. Once we obtain the certificate we will maintain our files to ensure a fast and most convenient process the next time you need to rent a truck.

Thank you for choosing United!
